What is Seedance 3.0?

Seedance 3.0 is an AI video generator that creates high-quality videos from text prompts or reference images. It runs entirely in the browser at <https://www.seedance3ai.app/> with no installation required.

The platform supports two core workflows:

Text-to-Video

Describe a scene, style, and mood in text, and Seedance 3.0 generates a high-quality video that matches your description.

Image-to-Video

Upload a reference image and Seedance 3.0 transforms it into a new video based on your chosen style and settings.

Key Capabilities

- **Multiple styles:** Realistic, cinematic, and artistic styles available
- **Quality options:** HD and 4K Ultra HD resolution
- **Adjustable settings:** Control style, quality, and aspect ratio before generating
- **Image-to-video:** Transform reference images into motion with AI-powered animation
- **Browser-based:** No software download or installation needed

How Seedance 3.0 Works

The generation process follows three simple steps from idea to video:

1. **Describe or upload** — Write a text prompt describing the video or upload a reference image as the starting point.
2. **Select settings** — Choose style, video quality, and aspect ratio. Preview settings apply in real time.
3. **Generate and refine** — Generate your video, preview it in the browser, create variations with different settings, and download the final result.
